

Parents' Seminar on "Senior Secondary Curriculum and Subject Choices"

Dear Parents,

The broad and balanced senior secondary curriculum caters for students' diverse learning needs, fosters whole-person development and promotes lifelong learning. In view of the latest development of COVID-19 and risk assessment, the Parents' Seminar on "Senior Secondary Curriculum and Subject Choices" this year is changed to pre-recorded presentations. Parents are not required to attend it.

The seminars are conducted in Cantonese and English* respectively. They provide the latest information on overview of senior secondary curriculum, introduction of the Hong Kong Diploma of Secondary Education examination, and multiple pathways to be presented by representatives of the Education Bureau, Hong Kong Examinations and Assessment Authority, and Vocational Training Council. The videos and the presentation slides of the seminars will be uploaded onto the New Academic Structure Web Bulletin (<https://www.edb.gov.hk/nas/en>) by early April 2021. Parents may visit the above website for the latest development of senior secondary curriculum in order to assist their children in making the informed subject choices.
